Califypso

This is like a musical game.

1. Everyone plays “Harp 1” melody together
2. Then split into “Harp 1” and “Harp 2” for the repeat
3. Then you play the “Blowing Section”
 4. Rinse & Repeat (with a couple fun twists I’ll add in the concert)

Melody

“Blowing Section” Notes

These are just the NOTES you’re playing in the Blowing Section. The small red notes show you the bassline. Don’t play them unless you’re playing the rhythmic bassline below - they’re just to show you the notes you’re playing.

“Blowing Section” Rhythmic Pattern

This is the rhythmic pattern you’re actually playing. Less advanced players can just play the chords and notes in the “Blowing Section” Notes (but not the red notes)
